MORE THAN MOBILE!

Powerful Features for Modern Concessions Built to Transform Your Venue.

ALL-IN-ONE POS + SELF-SERVING KIOSK

Plug and Play Hardware Built for You

Simple hardware, self-service kiosks, real-time sales reporting, and multi-location inventory management keep lines moving and operations efficient. Reliable offline mode ensures you'll never miss a sale, even with spotty Wi-Fi.

FUNDRAISING OPPORTUNITIES

Maximum Funds. Minimum Effort.

Launch a fully digital, cashless fundraiser in just a few days—no paper forms, checks, or manual tracking. Our platform enables one-click donations, customizable tip messages that can boost funds raised, automatic reports for easy order and data management, and flexible zero-cost options.

TESTIMONIALS

"I know we have been loving BlazeBite here at Padua, it's been a great addition to our game day concessions."

—Jackie Hartman, Padua Associate Athletic Director

"We started using Blaze Bite this year for our home basketball games and it was great to offer options for our customers to order from their seats. They could skip the line and come pick up the order when it was ready. This was also a great tool for our students working in the store to manage traditional orders and the online orders which is very typical in industry."

—Kasey Benjamin, Selah High School, Marketing/DECA Advisor

"During a large event, sales increased by 300% due to the app, which made VIP tables feel special with convenient ordering"

—Roger Smith, NEO Sports Plant Owner
